SOFA 3031

MATERIAL Base of nozag feathers, padded with cold foam / polyether and synthetic batting. Cushions with polyether core, wrapped with synthetic fiber / feathers. Globe-shaped legs in stained beech.

CARE INSTRUCTIONS Feather cushions are sewn in three sections and uniquely assembled to provide the best possible seating comfort. All types of feather cushions need to be puffed up to maintain their resilience. Shake and puff up the cushions regularly and knead them to loosen up any feather bunches.

The legs are screwed on and may need to be tightened from time to time. For additional protection we recommend ordering extra covers for the armrests.
