

## COFFEE TABLE PER ÖBERG

**THE SHAPE OF THIS IRON** coffee table gives a light impression, while the material gives it weight and a quality feeling. The table was designed in 2000 by architect Per Öberg. The tabletop rests on a stand inspired by antiquity's meander form. The mix of modern and classic are in keeping with Svenskt Tenn's design philosophy.

# COFFEE TABLE PER ÖBERG

**MATERIAL:** Table frame in black laquered cast iron. Tabletop in black lacquered steel.

**CARE INSTRUCTIONS:** To clean, use a soft cloth dampened with a mild detergent or soapy water. Make sure to wipe the surface dry immediately. Dry in the direction of the material's grain.

Lacquered or coated pieces can be harmed by direct contact with heat and prolonged humidity. Remember that water-filled vases can cause condensation. Never leave water or other liquids to dry by themselves on the surface as this can miscolour it or cause calcium deposits. Scratches can be extra visible on colour-coated surfaces, but at the same time, these are also part of the table's character. If there is deeper damage to the metal, we recommend you to contact an expert to avoid corrosion.
