

ARMCHAIR 591

JOSEF FRANK DESIGNED THIS GARDEN chair in lacquered iron with an openwork netted back and seat in the 1930s. This type of steel tube furniture was popular with Swedish functionalistic style. In Armchair 591, Josef Frank has exchanged the commonly used chromium for a warm coloured lacquer.

ARMCHAIR 591

MATERIAL Lacquered steel.

CARE INSTRUCTIONS To clean, use a soft cloth dampened with a mild detergent or soapy water. Make sure to wipe the surface dry immediately.

Lacquered or coated pieces can be harmed by direct contact with heat and prolonged humidity. Scratches can be extra visible on colour-coated surfaces, but at the same time, these are also part of the table's character. If there is deeper damage to the metal, we recommend you to contact an expert to avoid corrosion.
