# LEATHER POUFF POMPOM

**MATERIAL** Natural leather.

**CARE INSTRUCTIONS** Never place the leather pouff closer than 20-30 cm to a radiator or in direct sunlight. Vacuum clean leather often with a soft brush and, when necessary, clean any exposed surfaces, such as armrests and headrests. For stains that are water-soluble, dampen the area and dry using a paper towel. Never use strong solvents or chemicals. Leather is a living material that matures beautifully if treated properly.
