

STOOL 1063

PRIOR TO SVENSKT TENN'S spring exhibition in 1941, Josef Frank was inspired by what was discovered in Tutankhamun's tomb, prompting him to design Stool 1063.

STOOL 1063

MATERIAL Mahogany.

CARE INSTRUCTIONS Svenskt Tenn's furniture is made from wood that is varnished or coated. Clean with a soft cloth dampened with mild dish detergent or soapy water. Dry with a soft cloth. Do not expose the furniture to prolonged humidity or direct heat or use polish, oil or abrasive cleaners on the furniture.

Contact a furniture restorer if the coating or wood gets damaged, as it can get worse if not tended to.

Never place the stool with leather seat closer than 20-30 cm to a radiator or in direct sunlight. Vacuum clean leather often with a soft brush and, when necessary, clean any exposed surfaces. For stains that are water-soluble, dampen the area and dry using a paper towel. Never use strong solvents or chemicals. Leather is a living material that matures beautifully if treated properly.
