CARE INSTRUCTIONS

All types of feather cushions need to be puffed up to maintain their resilience. Shake and puff up the cushions regularly and knead them to loosen up any feather bunches.

The legs are screwed on and may need to be tightened from time to time.

For additional protection we recommend ordering extra covers for the armrests.

Use a mild detergent without bleach. Avoid soaking in water and temperatures below 40 degrees Celsius as the colour can fade. Do not spin dry on a vigorous cycle. Drip dry.
