

MIRROR ROUND CONVEX

CURVES CONSTANTLY APPEAR in Josef Frank's designs, not the least in his mirror from the 1930s, with a calyx-like frame and a convex mirror. The inspiration came from the Renaissance period, a time when people often used convex mirrors to capture the entire room as if in a painting.

DESIGN: Josef Frank / **DIAMETER:** 37 cm

MIRROR ROUND CONVEX

MATERIAL Laquered wood / Mahaogany . Produced in white, coral red, black, blue, green and mahogany.
