

CHAIR 1179

DESIGNER: JOSEF FRANK, 1947

Chair 1179 was designed by Josef Frank in 1947. At that time he had just returned from his stay in America and started working with Larsson Korgmakare (Larsson Basketmakers) in Stockholm. The chair is inspired by historical, Egyptian design and is handmade in leather, mahogany and rattan. The curvature of the seat is reminiscent of the dining chairs belonging to Josef Frank's sister Hedwig Tedesko. The chair has been displayed, among other places, in two National Museum exhibitions in Stockholm: "Josef Frank – 20 years at Svenskt Tenn" in 1952 and "Josef Frank – Memorial Exhibition" in 1968.

CARE INSTRUCTIONS

Svenskt Tenn's furniture is made from wood that is varnished or coated. Clean with a soft cloth dampened with mild dish detergent or soapy water. Dry with a soft cloth. Do not expose the furniture to prolonged humidity or direct heat or use polish, oil or abrasive cleaners on the furniture. In addition, avoid exposing the furniture to major changes in temperature and humidity.

Contact a furniture restorer if the coating or wood gets damaged, as it can get worse if not tended to.

Keep in mind that furniture fabrics and leather exposed to direct sunlight will fade over time, and that the materials are affected by heat and moisture. Do not apply strong solvents, chemicals, stain removers or degreasers to leather surfaces. Specially adapted products are on the market for impregnation and conditioning. Svenskt Tenn also offers stain guarding for further protection.
